SUMMARY

Product Operations and Agile Delivery professional with **8.5+ years** of experience optimizing agile delivery, **SaaS workflows**, and cross-functional team structures. Proven expertise in translating complex regulatory compliance, **clinical billing operations**, and customer insights into prioritized backlogs for regulated healthcare platforms. Highly skilled in **agile methodologies**, backlog grooming, and **ANSI X12 EDI standards (837P, 835)**, with a track record of driving system-level enhancements that reduce defect rates, optimize operational workflows, and accelerate time-to-value.

WORK EXPERIENCE

AlohaPM India Private Limited

Remote

Product Support Analyst (Acting Product Owner)

Oct 2025- present

- Led feature validation, sprint planning, UAT coordination, and **sprint-level issue prioritization** with developers, QA, and stakeholders — reducing post-release defects and improving release readiness across the ABA practice management platform.
- Owned **product backlog** input, roadmap contributions and developed deep domain knowledge for core **healthcare SaaS workflows**: **billing**, AR management, **ANSI X12 EDI workflows (837P/835)**, scheduling, payroll and clearing house integrations.
- Drove **product configuration improvements** and enhancement initiatives, directly reducing **recurring production issues** and improving operational efficiency across customer-facing workflows.
- Contributed to **hardcoded enhancement** initiatives and product configuration improvements supporting platform operations.

Team Lead - Customer Support

Feb 2024- Sep 2025

- Led a team of 8 members, driving a 30% increase in productivity and a **20% reduction in incoming tickets** through proactive support strategies and targeted training. Ensured consistent achievement of monthly KPIs and adherence to SLAs.
- Led the ticketing system by **handling escalations, prioritizing issues**, and streamlining workflows, **achieving a 98% resolution rate** and reducing ticket backlog by 40%.
- Partnered with cross-functional teams to address customer issues, **test beta/UAT releases**, and implement process improvements, reducing repeat complaints by 25%.

Customer Support Specialist II

Oct 2022- Feb 2024

- Managed **700+ monthly customer inquiries** with a 95% resolution rate, **reduced the ticket bin by 60%**, and forwarded 100+ customer-reported bugs for prioritized resolution.
- Collaborated with **product managers, analysts, developers, QAs, and CSMs** to integrate 50+ customer feedback insights quarterly, driving significant improvements in the software.
- Identified and resolved 200+ software bugs, **improving performance by 30%**, while **managing a team**, handling escalations, and effectively prioritizing bugs and features.
